Steps to retrieve password for login in New IIA Website

We are giving below the steps suggested by the consultant E-Gov to retrieve password for login in New IIA Website

1. Go to website - indianinstituteofarchitects.com

2. Click the Login tab (last one, on the right side of the menu)

3. Click the words "Forgot Password?" that are written under the Password field

4. Say Yes to the information message that appears

5. In the new page that loads, enter email id in the Email Id field and click the "Retrieve Password" button. The System will generate the password.

Please remember that the above steps will only work for those members who have given their valid email id to IIA HO.
